

E.C. CAR DETAILING

Packages & Price List

MAINTENANCE DETAIL PACKAGE

Standard valeting leaves your car covered in swirl marks, scratches & strips any type of paint protection which results in a dull looking colour as well as a build-up of contaminants.

This package is best for customers who have regular valeting washes or are looking for a professional detailed appearance. We recommend this treatment as a regular package to be applied & performed every 2-4 weeks dependent on personal aftercare. The highest level of detailing products are used on all of our packages.

Prices from:

Small: **£95.00**

Large: **£105.00**

Duration: 3-4 hours

- Vehicle inspection upon arrival
- Pre-wash by hand
- Snow foam decontamination
- Hand washed using PH balanced shampoo and safe 2 bucket method
- All door shuts, hinges and surrounds are cleaned and degreased
- Wheels cleaned with PH balanced alloy wheel degreaser
- Vehicle rinsed to remove shampoo
- Hand dry to remove excess liquids
- Interior vacuumed and dusted
- Glass cleaned in and out
- Tyres dressed
- Specific detailing tools & equipment is used to carry out treatment
- Final inspection to make sure your car meets our high standards

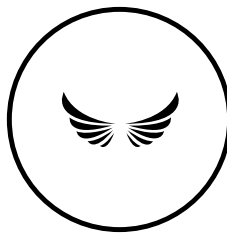

*Full payment required upon booking any treatment

OPTIONAL EXTRAS

CERAMIC COATING

Price from:

Small: **£195.00**

Large: **£250.00**

Ceramic Coating protects paintwork by blocking the UV rays, slowing down oxidation guarantees protection and care of any surface for your vehicles providing a shield against chemical staining such as acid rain. Ceramic Coating provides an extra protective layer to the vehicles paintwork and gives your car that extra glossy shine which creates extra appeal and value.

PRE-SALE DETAIL TREATMENT

Price: From **£195.00**

The purpose of this treatment is to have your vehicle looking at its best and more attractive to possible buyers thereby increasing the potential value.

NEW CAR PROTECTION DETAIL

Price: From **£295.00**

This treatment is designed to decontaminate & protect from start of ownership to preserve your new vehicle for longer. Paint work, wheels & interior will all be decontaminated & treated.

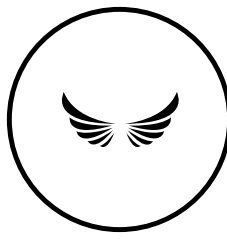

MOTORBIKE DETAIL TREATMENT

Price: From **£195.00**

Motorbike detailing provides unique challenges when it comes to detailing. Intricate areas such as exposed electrical and mechanical parts need much more delicate care when cleaning.

E.C. CAR DETAILING

DETAILED INTERIOR MAINTENANCE

Price: **£85.00**

The inside of your car is where you spend most of your time and we will perform a complete interior deep clean using the highest quality detailing products and techniques. All types of dust, dirt and debris build up inside your vehicle's interior. From the carpets to the headlining, velour or cloth, We will clean it all.

With this option, we provide:

- Carpets and upholstery wet vacuumed
- Inner & outer glass cleaned
- Fabrics steam cleaned to remove stains, plastics, rubbers & smells
- Trims cleaned & protected.

SOFT TOP ROOF PROTECTION

Price: **£85.00**

After a year or so, fabric soft top roofs start to lose their soil and stain resistance. The roof gets wet and has to dry out when it rains. We will firstly clean the roof then apply a long-lasting High-Tech Fabric Guard which protects your freshly cleaned roof from water, soil, grease and sun damage for up to a year.

ENGINE RESTORATION

Price: **£65.00**

Firstly, we remove any excess debris and then cover all electrical components, air intakes and alarms to stop water damage. A strong degreaser/all purpose cleaner will be applied to the engine and the underside of the bonnet, which is then carefully agitated with various detailing brushes. The engine is then rinsed off and a protective coating is applied to preserve it for longer.

LEATHER PROTECTIVE TREATMENT

Price: **£95.00**

We begin by hoovering the interior & seating, followed by carefully washing & steaming the leather and drying off using microfiber towels. The leather is then treated with a protective & preserving cream.
