E.C. CAR DETAILING

***AFTERCARE PLAN**

Prices Between: **£75.00 - £145.00**

Have your car feeling and looking fresh 365 of the year. We offer an Aftercare Plan to maintain your vehicle post treatment. This is to preserve the standard that we set along with upholding the value and life of your vehicle. We have three flexible options to choose from.

How it works:

Step 1: Plan Eligibility

To be eligible for the E.C. Car Detailing Aftercare Plan, you must initially book in for any of our Detailing packages starting from our Protection Detail Treatment 6 weeks prior to starting the Aftercare Plan. This will form the high-level of standard in which we set for your vehicle(s) to be maintained going forward.

Step 2: Optional Duration

We will agree with you your preferred occurrence for maintaining your vehicle based on your requirements. The longer you leave between each Detail treatment will determine how much time is required to be spent on the vehicle to revert it back to the standard initially set. You can choose between the following intervals:

- **Every 2 Weeks:** Price From £75.00
- **Every 4 Weeks:** Price From £110.00
- **Every 6 Weeks:** Price From £145.00

Step 3: Scheduling

Following the completion of your first Detailing treatment with us, we will arrange a convenient date for your next booking in line with your preferred maintenance and aftercare option.

If you need to rearrange your booking, we will require a minimum of 48 hours' notice. We will attempt to re-book your Maintenance Detail Aftercare Plan within your agreed schedule.

**Please note, for those outside of the M25, prices will be an additional £20.00 to cover extra travel costs.*
