

E.C. CAR DETAILING

Packages & Price List

MAINTENANCE DETAIL PACKAGE

Standard valeting leaves your car covered in swirl marks, scratches & strips any type of paint protection which results in a dull looking colour as well as a build-up of contaminants.

This package is best for customers who have regular valeting washes or are looking for a professional detailed appearance. We recommend this treatment as a regular package to be applied & performed every 2 – 4 weeks dependent on personal aftercare. The highest level of detailing products are used on all of our packages.

Prices:

Small: **£70.00** + VAT

Large: **£85.00** + VAT

Duration: 2-3 hours

- Inspection upon arrival
- Pre-wash by hand using PH balanced shampoo
- Snow foam wash
- All door shuts, hinges and surrounds cleaned & degreased
- Wheels cleaned with PH balanced alloy wheel degreaser
- Vehicle rinsed to remove shampoo
- Hand dry to remove excess liquids
- Interior vacuumed and dusted
- Glass cleaned in and out
- Tyres dressed
- Specific detailing tools & equipment used to carry out treatment

OPTIONAL EXTRAS

CERAMIC COATING

Price:

Small: **£150.00** + VAT

Large: **£250.00** + VAT

Ceramic Coating protects paintwork by blocking the UV rays, slowing down oxidation, guarantees protection and care of any surface for your vehicles providing a shield against chemical staining such as acid rain. Ceramic Coating provides an extra protective layer to the vehicles paintwork and gives your car that extra glossy shine which creates extra appeal and value.

ALLOY REFURBISHMENT

Price: From **£70.00** + VAT per wheel/ From **£230.00** + VAT per set

Offering powder coating, wheel straightening & diamond cutting

PRE-SALE DETAIL TREATMENT

Price: From **£130.00** + VAT

The purpose of this treatment is to have your vehicle looking at its best and more attractive to possible buyers thereby increasing the potential value.

NEW CAR PROTECTION DETAIL

Price: From **£170.00** + VAT

This treatment is designed to decontaminate & protect from start of ownership to preserve your new vehicle for longer. Paint work, wheels & interior will all be decontaminated & treated.

MOTORBIKE DETAIL TREATMENT

Price: From **£150.00** + VAT

Motorbike detailing provides unique challenges when it comes to detailing. Intricate areas such as exposed electrical and mechanical parts need much more delicate care when cleaning.

E.C. CAR DETAILING

SOFT TOP ROOF PROTECTION

Price: **£85.00** + VAT

After a year or so, fabric soft top roofs start to lose their soil and stain resistance. The roof gets wet and has to dry out when it rains. We will firstly clean the roof then apply a long-lasting High-Tech Fabric Guard which protects your freshly cleaned roof from water, soil, grease and sun damage for up to a year.

ENGINE BAY CLEAN

Price: **£65.00** + VAT

Firstly, we remove any excess debris and then cover all electrical components, air intakes and alarms to stop water damage. A strong degreaser/all purpose cleaner will be applied to the engine and the underside of the bonnet, which is then carefully agitated with various detailing brushes. The engine is then rinsed off and a protective coating is applied to preserve it for longer.

DETAILED INTERIOR MAINTENANCE

Price: **£75.00** + VAT

The inside of your car is where you spend most of your time and we will perform a complete interior deep clean using the highest quality detailing products and techniques. All types of dust, dirt and debris build up inside your vehicle's interior. From the carpets to the headlining, velour or cloth, We will clean it all.

With this option, we provide:

- Carpets and upholstery wet vacuumed
- Inner & outer glass cleaned
- Fabrics steam cleaned to remove stains, plastics, rubbers & smells
- Trims cleaned & protected
- Leather protected/restored

INTERIOR LEATHER PROTECTIVE TREATMENT

Price: **£95.00** + VAT

We begin by hoovering the interior & seating, followed by carefully washing & steaming the leather and drying off using microfiber towels. The leather is then treated with a protective & preserving cream.
